Cyclitech is co-organized by JEC Group and SPE

JEC Group is the largest composites organization in the world. It represents, promotes and helps develop composite markets by providing global and local networking and information services. JEC organizes a wide range of events in Europe, America and Asia, including the JEC World Show in Paris – the world's largest composites show. JEC also provides publications and information media such as strategic studies, technical books, the JEC Composites Magazine and weekly e-letters.
